PROJECTS

Personal Portfolio Website | React.js

- Developed a fully responsive portfolio website using React.js.
- Implemented reusable components for Home, About, Skills, and Projects sections.
- Used React Router for smooth single-page navigation.
- Enhanced user experience with clean UI and animations.
- Deployed the application using GitHub Pages and Netlify.

INTERNSHIP EXPERIENCE

Front-End Developer Intern — Jireh Architects (3 Months)

- Developed a project management web application using Next.js and React.js.
- Implemented modular component architecture, dynamic routing, and SSR for performance optimization.
- Built features such as project creation, task tracking, and status workflows.
- Used JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, and React Hooks.
- Worked with REST APIs, Git, GitHub, and followed Agile development practices.
